

Communication

Current as of: September 16, 2014

- Whitsend Kids Radio:
Following a rotation principle, this website provides free online streams of current audio play episodes from commercially available cassettes.
<http://www.whitsend.org/>
- BBC School Radio:
BBC School Radio provides an overview of programs with educational content on numerous subjects.
<http://www.bbc.co.uk/learning/schoolradio/subjects>
- Sound Synthesis from Double Muffled Dolphin:
This music machine applet enables even untrained people to create their personal ambient sound.
<http://www.muffled.dk/>
- Ultrasound localization of bats:
Visualization of bats' ultrasound localization system.
<http://www.bats4kids.org>
- Sound design – Learning Space Film Sound:
Website by Sven E. Carlsson, a Swedish teacher. Highly recommendable source for in-depth presentations on this current topic.
